“The Citizen Police Academy will be a great venue to share information with citizens that was recently identified in a survey conducted by the Police Department. Our citizens indicated an interest in a number of areas of our operations and procedures that could only be presented in a

format that allows delving into the topic with some degree of depth and breadth. The Citizen Police Academy will be a great opportunity to learn about, and actually experience for yourself, these facets of police work. We are excited about this opportunity to provide our neighbors this insight into the services we provide our community.” Chief T.L. Feathers
